FOR IMMEDIATE RELEASE

IT Manager Don Turrentine joins Delta Computer Systems, Inc.

November 30, 2017 – Battle Ground, WA. Don Turrentine has recently joined motion control innovator and manufacturer Delta Computer Systems, Inc. as IT Manager.

Mr. Turrrentine has a strong background in network administration, software development, and business application systems having owned and managed a successful computer business for the last two decades. During his first months with Delta, he has been working to upgrade critical infrastructure, improve security, and implement an enterprise backup and disaster recovery plan. In the long term Don is looking forward to becoming more involved with internal software tools and business processes at Delta.

Don has more than 20 years' experience in creating IT solutions and has gained the knowledge, skills, and ability to succeed in both IT and software development leadership roles. He holds a BA in Liberal Arts from Thomas Aquinas College, Santa Paula, California.

"Don will be responsible for Delta's internal computer networks, email systems and website support as his duties expand to match our growing organizational needs," stated Steve Nylund, CEO of Delta Computer Systems, Inc.

Nylund added, "Don's addition will ensure that our internal systems are at the highest levels of effectiveness helping us to continue to promptly deliver the excellent customer support that Delta's customers have long enjoyed."

About Delta Computer Systems

For more than 35 years, Delta has supplied motion controllers, and other industrial products that enable OEMs & integrators to build better machines.

The high performance motion control products that Delta designs, manufactures and markets are used worldwide for hydraulic, pneumatic and electric closed-loop control in a wide array of single and multi-axis applications, including testing, food, energy, automotive, entertainment, plastics, materials, aerospace, metals, forest products and others.
